2021 By the Numbers

Airport Traffic

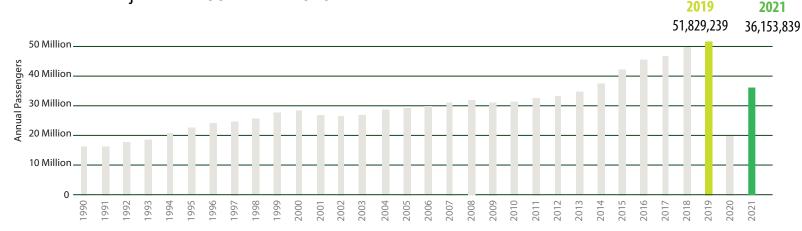

* 2021 vs 2020

Passengers are returning to the skies

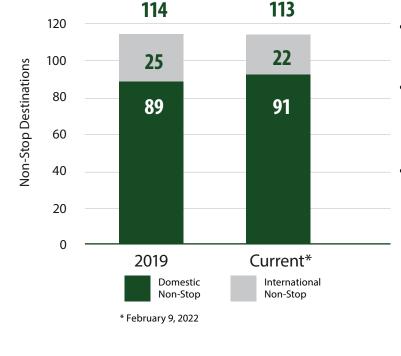

Travelers are taking to the skies with rates approaching pre-pandemic levels. Total passenger volume at Seattle-Tacoma International Airport (SEA) reached 36.2 million passengers in 2021, which is down just over 30% from 2019.

Total Passengers through SEA Airport: 1990 -2021

SEA maintains robust non-stop destinations with more on the way

- In 2019, SEA had service to 114 domestic and international destinations.
- Currently, there are 113 connections from SEA to 91 domestic and 22 international cities
- More by Summer 2022

26.5% Takeoff and landings

2021: 374,510

2020: 296,048

Air Cargo

2021 sets a new all-time record for air cargo tonnage at SEA

Total Air Cargo

2021: 498,741 MT

2020: 454,584 MT

MT = Metric Tons

Domestic

2021: 366,312 MT

2020: 351,352 MT There was high growth in domestic

cargo in 2020, as e-commerce

growth of 19.4% over 2019

notably surged, so 2021 represents

International

2021: 132,271 MT

2020: 103,232 MT

Even with the recovery 2021 international tonnage remains 9.8% below the level seen in 2019
