

A RESOLUTION of the Port Commission of the Port of Seattle authorizing filing of application with the Economic Development Administration, U. S. Department of Commerce, United States of America, for a grant and/or loan under the terms of Public Law 89-136.

WHEREAS, under the terms of Public Law 89-136, the United States of America has authorized the making of grants and/or loans to public bodies and private or public non-profit organizations or associations to aid in financing the technical assistance for project planning and feasibility studies, management and operational assistance and studies evaluating the needs of, and development of potentialities for, economic growth of such areas.

NOW, THEREFORE, BE IT RESOLVED by the Port of Seattle Commission:

1. That Robert W. Norquist, President of the Port of Seattle Commission, be and he is hereby authorized to execute and file an application on behalf of the Port of Seattle with the Economic Development Administration, U. S. Department of Commerce, for a grant and/or loan to aid in financing an expanded study of the Seattle Harbor and the Lower and Upper Duwamish River as to the economic potential and facility requirements for marine terminals, navigation, industrial development and distribution facilities. This study would further explore the findings of the Port's previous Upper Duwamish River navigation study by Battelle Northwest.
2. That J. Eldon Opheim, General Manager, be and he is hereby authorized and directed to furnish such information as the Economic Development Administration, U. S. Department of Commerce, may reasonably request in connection with the application which is herein authorized to be filed.
